

SHOW YOUR CUSTOMERS YOU'RE A BABY BUDDY

Sunderland Children's Centres, in conjunction with City Hospital Sunderland is creating a 'baby-buddy guide to Sunderland' for parents of babies and young children.

We would like to invite you to participate in a survey so that your establishment can be added to the guide. If you are happy for mums to breastfeed their children and you're willing to display the 'breastfeeding welcome' window sticker you will be in the guide. We also want to include the facilities you offer in the guide, which will be given to new parents.

Bosom Buddies breastfeeding Peer Supporters will talk through the questionnaire with you. They will have their Sunderland Children's Centre ID badge with them, should you wish to check their identity.
